

COMMUNITY IS A PART OF WHO WE ARE

Giving back to community.

Most people move to the North Bay to create a better quality of life for themselves and their families. Those of us that call it home are fortunate to be surrounded by so much natural beauty and such rich cultural amenities.

Frank Howard Allen has been a part of North Bay community life Since 1910™. All of our energy and focus has been dedicated here — where we live, work and play. We know how important it is to give back to our neighbors and friends by supporting organizations that benefit children, education, housing, and the arts, to protect and improve the area for future generations. Our company and our agents are as passionate about supporting the communities we live in as we are about serving you.

Each year, we give back to literally dozens of schools, cultural institutions, local events and charities. Our Matching Grants program creates partnerships with local community-based organizations and allows each of our agents to donate a sum of money from every closed escrow, which is then matched dollar for dollar by the company.

“We understand how important it is to give back to the communities we serve. It’s where we live and it’s only natural to enrich and nurture the things that make the North Bay such an extraordinary place to be. We also feel it is our responsibility to do what we can to help, because this is where we do business. For all of us at Frank Howard Allen, giving back is a tangible way we can serve our community better — a win-win for both our Company and the people we serve.”

— Larry Brackett, President and CEO
